

Part of the beauty of The Hunting Lodge is that there is something for everyone, all year round. In the summer you can enjoy our stunning, large garden, while in the winter, the open fires and comfy leather furniture make it a perfect place to escape the rigours of daily life.

LARGE GARDEN

Drink and dine al fresco during those sunny days in our beautiful large garden where we serve our full range of menus, seven days a week including summer barbeques, weather permitting.

THE BAR

Sink into a leather sofa and enjoy a bottle of wine from our extensive wine list, or a pint of your favourite tippie, poured to perfection.

THE RESTAURANT

Whether you are meeting friends, holding a conference lunch, or just fancy a bite to eat, then look no further than our contemporary, non-smoking restaurant. Our A la Carte menu offers an extensive choice of delicious home cooked meals, including succulent steaks, chicken specialities and homemade pies & pasta dishes.

THE BEDROOMS

Comfort, quality and individuality are paramount here at The Hunting Lodge, and our bedrooms are a shining example of all three. All individually styled, they range from the contemporary ethnic origins of the Biko room, to the opulent, regal indulgence of the Louis room. Feeling a bit quirky? ...then perhaps you should book a night in our Dali room! Alternatively, you could walk into a Dickension novel in our Fagin room, experience the calmness of our Chopin room, or relax in the meditative, contemporary style of the Yoko room. With six rooms to experience, you'll just have to keep coming back!
